

# Guano Apes, Tribute

This is a grave day  
People wanna hear it  
People wanna smell it  
They give you their cigarette  
The way you look  
Don't ever change in the mirror  
You have promised yourself  
To be straight  
Straight up into the sun  
So show me  
Your real face  
Send all your wishes  
I'll give them all to you  
With that money you're getting cruel  
is that the shit you're waiting for  
and now you want more and more

I'm falling asleep (x2)

And if you don't like it  
you'd better find another way

What would you do to get your money back  
I'm all in the game, ready to be quick cuz  
what you earn  
and what you say  
isn't there not a fee no one likes to pay

(repeat)

tell me why  
tell me how  
tell me your secrets  
I'm sick of this  
Don't play with that money child  
you look so funny  
yes that's the shit you're waiting for  
now I know it better  
Get out the door

What would you do to get your money back  
I'm all in the game, ready to attack cuz  
what you earn  
and what you say  
isn't there not a fee no one likes to pay

(repeat)

yeah I know I know it's better (x3)

Ha ha ha ha I need it

Wat'cha earnin'  
I need it  
Wat'cha sayin'  
I need it  
Wat'cha feelin'  
I need it

Ha ha ha ha I need it  
Ohhhh

Alright a man (x4)

What would you do to get your money back  
I'm all in the game, ready to attack cuz  
what you earn  
and what you say  
isn't there not a fee no one likes to pay

(repeat)

Too much to pay  
Ohh

Alright a man
