

Guardian, Do You Know What Love Is

Did you find that loneliness came
when you lost your only love
and you didn't know which was to turn
The nights were cold and the days were long
and you never knew
when a real love would come to you
All the times that you cried
You never expected love to leave you behind
Through the yars I've been more than a friend
I was there from the start and I'll be here till the end

Do you know what love is
Can you feel what love is
Do you know what love
Do you know what love
Love is
deeper than emotion
comin' stronger than all devotion
Do you know what love
Do you know what love
Love is
deeper than the ocean

Those days are over
now it's time to carry on
Now you knwo which road to choose
There is no harder lesson learned
than finding your way alone
so I'm reaching my hand out to you
All of your life I've been more than a friend
I was there from start and I'll be here till the end

I want to show you one love that is true
Won't you open your heart
my love is for you
