

Guardian, Forever And A Day

I was just thinking about You and
all the things that we've been thru.
You never left me standing in
heartache, and You've always
seen me thru.

CHORUS I:

I thank you for the Love You bring
me each and every day. After all
the things You've done for me,
there's only one thing I can say.

CHORUS II:

Forever and a day, You, know my
heart will always stay, cause I
believe in You . . . I believe in You.
No matter what they say, forever
and a day, I believe in You, I
believe in You

At times it gets a little bit crazy;
sometimes I get a little too far away.
I know that times are really
changing, but Your love stays the
same.

CHORUS I

CHORUS II

You've always been my Light in the
middle of darkness. You've always
been the hope that lights the way;
and forever I will stay
