

# Guardian, Revelation

I've been up  
And I've been down  
But everything is just fine, fine, fine, fine, fine it's true  
Tougher skin?  
Guess again  
But not because I don't try, try, try, try, I always do  
And I don't want nobody  
Telling me I'm nobody  
I've got a revelation  
I'm a new creation, baby  
The world can't bring me down  
You think what?  
Why the rut?  
'Cause if you're towing the line, line, line, those days are through  
You know it says it right here  
Right here  
Take a good look at this  
Intent  
No, you're no accident  
Why let life get you confused  
Don't let anybody  
Tell you you're nobody  
I've got a revelation  
You're a new creation, baby  
The world can't bring you down  
And I've got a revelation  
You've been elevated, baby  
The world can't bring you down  
Big screen tells ya 'You gotta look this way  
You got no beauty beyond what you display'  
But don't they get it it's what's inside you  
So take your place and don't ever hid your face  
All those fashion victims  
Seem so aggravated  
Going with the flow is  
Very over-rated  
I've got a revelation  
You're a new creation, baby  
The world can't bring you down  
I've got a revelation  
You've been elevated, baby  
The world can't bring you down  
The world can't bring you down  
The world can't bring you down  
The world can't bring you down  
The world can't bring you down
