

Guardian, Sister Wisdom

Runnin' like a freight train
Brunin' down the miracle mile
I was rollin' like a hurricane
turned my head when I saw her smile

Well I've been around the world
and I've seen a lot of things
but it all seems crazy and don't mean a thing
Without your love I'm lost in the dark
Her fire's burning inside my heart

In the light she comes to me
takes the weight of the world from my shoulders
Turns my eyes to see
the light in a dark world turning

Sister Wisdom
Shine your light on me
You're hard to find but easy to see
I gotta tell ya
I just can't believe
all the things that you've done for me

She sings a smoky torch song
She burns a candle in the night
Her ways of truth are so strong
She lifts me up as my life goes by

Sister Wisdom
Shine your light on me
Sister Wisdom
I gotta tell ya
I just can't believe
all the things that you've done for me
