

Gucci Mane, Big Booty (feat. Megan Thee Stallion)

tell the skinny hoes to point me where the thick hoes at
je want a flat booty bitch
I am not whit that
I got chips for days and I got whips for weeks
I bring out the fleet and it bring out the freaks

it's a block party, they done blocked off half the street
she's a bigbooty bitch showing ass and cheeks
she's a walking bag of money , she's masterpiece
the way she running game on you, she's an athlete
hat trick, gave three hoes three stacks a piece
and every time I get the head
she get that bread form me
