

Guenther Paal, Going Home

Going home(album "Sidewalk and the starry night")

I lived in a town for a while
On a hot pavement and under the sun
Got a friend been a liar
He's gone now
I'm going home

I lived on a rain coast
On a song and suicide
Got you and u got high(er)
Flowers rot in the fountain
I've lost my mind

Somewhere near I'm happy as my hell
Somewhere far I 'm pretending
I have been waiting
Going home
Ocean calls

I lived in a promised land
Dying
Lived on a disease
Smiling
Homeless shelter
I'm going home going home going home going home
