

Gufs, Give Back Yourself

I'm leaving
Throw myself around
I'm needin
This to figure out

I hear you
Talkin to me

I'm feelin nothing if at all
I'm tryin so hard to move on
when you're on your own

I see you
Even wher you're not really here
i see you...yeah

chorus
Go on living
Always keep on breathin
From the mouth of memory
You give back yourself

x2

If I had any wish at all
I'd put you back where you belong
So you're not all alone

I hear you
I hear you talking
did you say the words i think i heard you say

i hear you...yeah

chorus
Go on living
Always keep on breathin
From the mouth of memory
You give back yourself

x2

Now I wonder where you are
You left a life you've been denied
i wonder what you could have been
if you hadn't died

Hadn't died...
Hadn't died...
Hadn't died...
Hadn't died

chorus
Go on living
Always keep on breathin
From the mouth of memory
You give back yourself

x2
