

Gufs, Listen To The Trees

(G. Kralj)

We will find a happy place in time
Where people can collide
And share their thoughts and recognize
That we will be if we listen to the trees
Now it's time to put the past behind
And simply draw a line
That won't be crossed or redefined
And we will be if we listen to the trees
So get up off your knees
I'm begging you to please
Watch the falling leaves
Don't eliminate the face
At such a timely pace
To wash the human race
So we can listen to the trees
We will find a safer place in time
Where children learn to try
To save the colors of the sky
And we will be if we listen to the trees
So get up off your knees
I'm begging you to please
Watch the falling leaves
Don't eliminate the face
At such a timely pace
To wash the human race
So we can listen to the trees
And we will be
We will be
We will be
If we listen to the trees
