

Gufs, Out Somehow

Someday I want to find
Others I leave behind
And for a second or two
We can work it out somehow
Out somehow
Some days I want to try
Others just pass me by
And for a second or two
We can work it out somehow
Everything I've done for you
Helped you take your life less seriously sometimes
Gonna leave it up to you
Don't throw it all away
Some days I want to see
Others aren't clear to me
And for a second or two
We can work it out somehow
And for a second or two
There's always something new
We can work it out somehow
Are you my brother
Are you the one
Aren't you my brother
I am the one
