

Gufs, So Easily

(G. Kralj)

You decorated my soul
You took everything that I ever wanted to know
You made me compromise
I made you feel alive
I don't understand
I let you be the man
You told me that I was worthless or was it a lie
I was alive
Inside of you I died
I cannot explain
The beauty of my pain
How can I believe
With everything I feel
You tell me that I am worthless or is it a lie
All lies
Deliver me within
Or tell me where you've been
I will not go down so easily
You devastated my soul
You took everything that I ever wanted to know
You make me compromise
