

# Guided By Voices, A Trophy Mule In Particular

I wince when you map out  
How to get it together  
And collect my troubles  
And brave the weather  
Unlocking a trick bag  
Of stolen images  
An organized zoo  
And earthquake glue  
A challenge  
What to go for and celebrate  
With the stock market tumbling  
And the rock market crumbling  
So where am I now?  
For I am a soldier  
A trophy mule

I wince when you map out  
How to get it together  
And collect my troubles  
And brave the weather
