

Guided By Voices, An Unmarketed Product

An unmarketed product
Is shining clear for many years
The time it takes you to put up
Shut out the fears for many years

How do these things
come in to our lives
So obtrusively?
Why do they change
their prices so accordingly?
Well, I can give you credit
Suitable and custom tailored
And if you have any luck
You'll get ahead
Before you're dead
