Guided By Voices, Canteen Plums

Dancing as their chance passed Promoting national trust And goose the tunnel for the ditch Your jokes are ??swelling whining tracks??

It's a sign of the times On Sudden Outburst Radio Feed our egos getting our fill With the Everything I Want pill

And Andy Paper it is time? He's frozen up there on the slips And so the minors collapse They waste no time lacking guts

Throwing ashes on the fire Cause everybody's a star Manifesting hypocrites In fifty blows, it's quite relaxing
