

# Guided By Voices, Cooler Jocks

Broken link in a long chain  
Bottom of the line for the pupil  
Can only mean one thing  
To waiting hordes and takers  
Who hadn't had enough  
This really sucks  
I had to run to defend  
Oh what shame can do

Ducking out of sight  
What a painful view  
Run & find some prescription  
To bring back a peace  
And grant us a party of five  
An entourage of three  
A game before eventually you lose
