

# Guided By Voices, Deaf Ears

?? wash and wait  
A human sanitation aid  
And I will starve to death  
Until you feed me  
With your tenderness  
Greet me with your  
Slimy hands  
You beckon me with open arms  
You offer salvation  
And I salivate  
But it's too late  
And you're a dollar short  
And that's too bad  
Cause what you got  
I wish I had  
I seek to ??  
But you get mad

Chorus: My final words  
Have fallen upon deaf ears  
My last few words  
Have fallen upon deaf ears  
repeat chorus twice

(Another Version)

-----  
This to wash away  
Give us our protection day  
And I will starve to death  
Before you see me  
With your tenderness  
Greet me  
With your slimy kiss

Beckon me with open arms  
Your salvation  
And I salivate  
But it's too late  
I gotta show (?)  
but that's too bad  
'Cuz what you got  
I wish I had  
You seem to know that you been bad (?)

My father was ???  
My nasty words ???
