

Guided By Voices, Edison's Memos

Always a choirboy
Edison's memos
The blueprints contrived of the Christian world
Do you remember the ways?
Edison's memos
Change it
Rearrange it
Oh, you've gotta change that attitude of yours
Well
Well - uh-huh

Well, well
She's a lady - she stands about 18,000 feet high
Almost touches an orange marmalade sky
Edison's memos
Edison's memos
Do you suppose that you could change your life?
If you could, then I wish you would
