

Guided By Voices, Fair Touching

Under the iron shop
The farewell ladies wink
Always promising
No one to crush them
Always pokerfaced before bingo
Does it snap or just happen?

But a queen's prize awaits
She might rub her legs
But a queen's prize awaits

Currently fabulous
And perhaps at last
The song you sing will have meaning

But a queen's prize awaits
She might rub her legs
But a queen's prize awaits
She might rub her legs

But a queen's prize awaits
She might rub her legs
But a queen's prize awaits
She might rub her legs
