{chorus}

I'm positive Roy
that your not the one

And then they'll start looking around your mind
and you won't be feeling so numb (young) this time

and one grey wintertime

A mountain of detail that I never talked about
minor but nothing no way

{chorus}

and one grey winter (time) and
one grey winter
It keeps you from walking away with the crowd
It keeps you from walking away with the crowd
and one grey winter
It keeps you from walking away with the crowd
and one grey winter
It keeps you from walking away with the crowd
