

# Guided By Voices, Hermit Stew

Come to my city  
Population barely for one  
I can fill this voiding  
Of limited housing  
Cool and safe

Chorus:  
Cool and safe  
Every single day  
Watch me come and go  
I could leave today

but then I'd just have something on my mind

I can be a party of one  
Listen to me talking  
I frown on sorrow  
Cool and safe

Chorus
