

# Guided By Voices, It's Like Soul Man

I never liked you until I  
Took a good look at myself  
And when I saw you there  
I saw the best part of me was yourself

Its like soul man  
Its like soul man

I never liked you until I  
Took a good look at myself  
When I saw you there  
I saw the best part of me was yourself

Its like soul man  
Its like soul man  
Its like soul man

Its like soul man  
Its like soul man
