

Guided By Voices, Now I'm Crying

Is that what you want?
Is it ?sublime??
A very upbeat self-promotional crime
And now I'm crying
Is that supposed to do that?
Is this why we came?
There must be a scapegoat, my god
There must be someone to blame
And now I'm crying

And now I'm crying
What is it your heart desires, my brother
Wish in one hand, shit in the other
What is it your heart desires, my brother
Shit in one hand, wish in the other
What is it your heart desires, my brother
Wish in one hand, shit in the other
