

Guided By Voices, Oh, Blinky

Now turn tonight
The day is done
And it is good and it is fun
We gave ???
And gave you space
You suck it up in from your face (?)
All over the place

The night is long
And I'm a man
I've gotta look at you up the stairs (?)
I can't ??? feel
Just who is it
But it is good and it is there

The day is done
the day is done
And it is good and it is fun...
