

# Guided By Voices, Satellite

They walked across the strip to the kittycats' clutch  
I'm in love with a girl named Satellite  
And I know that she'll take me home tonight  
They're very cute - so select them quickly  
Perhaps one day you'll strike a hotter match  
I'm in love with a girl named Edison  
And her sweetness is my only medicine  
Satellite  
Goin right  
Bop a bop bop bop....
