

# Guided By Voices, Steak And Eggs

Gary:

I'm so damn hungry  
I need to get me something to eat  
I need to get me something to eat

Robin:

I've got this machete

Gary:

Let's get something to eat

Robin:

Now, let's get your car  
Let's get the machete  
Put it in the car  
We'll go back out, where we...  
You know where those cows we saw  
When we came by, you know?  
We'll go back out there and

Just cut one of 'em's leg off  
And eat it...Yeah

Judge Fudge:

Oh as the sunrise-day break  
And the grass turns brown  
This time we've found  
Your lemonade profits spent unwisely  
And I'm waiting for you

Gary:

Officer, I don't  
I was here all night  
You can ask my old lady...  
You know what?  
It's just that I can't breathe  
It's just that I can't breathe  
It's just that I can't breathe
