

Guided By Voices, Straps Hold Up The Jaw

Do you see the bad man's muzzle mask?

(Straps hold up the jaw)

The blind man's task is imagination

(Straps hold up the jaw)

feel it when you go

do you hear the innocent battle cry

(Straps hold up the jaw)

and the grass palace in the sunroom

(straps hold up the jaw)

it's earwhigs in the carpets waving at the astronauts

(Straps hold up the jaw)

fiery hats in place straps hold up the jaw
