

Guided By Voices, The Key Losers

Oh darkness makes them cringe
Perhaps caught
Respectable impeccable
Not taught
The key losers
Not to trust an instinct
Blame them
No wait don't tame them

Chorus: They will let you down every time
The key losers

repeat chorus
In the clutch
Twice as much
In the long run
Final gun
Down the stretch we couldn't catch
The part-time players
The scrubs
Consistently choking
The roach coach is smoking
