## Guided By Voices, The Official Ironmen Rally Sor

Bitter fish in crude oil sea You don't have to bother me You just have to join in on this song Crawling people on your knees Don't take this so seriously You just have to hum it all day long

To dine alone To build a private zone Or trigger a synapse And free us from our traps

You won't see me turn my back With my head against my stack Spitting teeth and breaking open skin Official ironmen, you are free Champions officially But you won't catch me on an open chin

To dine alone To build a private zone Or trigger a synapse And free us from our traps

Knockout punches for the freaks Happy little babies with red cheeks You will rock them gently out of sync Confirmations through the wire Spitting gas into the fire Am I also worthy of a drink?

To dine alone To build a private zone Or trigger a synapse And free us from our traps
