

# Guided By Voices, United

I wanna keep you happy  
I wanna teach you right from wrong  
I wanna keep you near me  
Here in a place where you belong

I won't hit you  
I won't hurt you  
I won't keep you from  
The people that you trust  
With faces that look just  
Like us

I look into the future  
Made up my mind and claimed my ground  
Don't ever let you too far  
Just be content with what we've found

Like statues that will never ever rust  
I'm telling you now  
We'll never run out  
If you are my friend  
If I've always got you  
Then I'll never be blue  
Love me 'til the end  
The day is decided  
And we'll be united  
You know...
