

Guided By Voices, White Flyer

Blue black lizard and blue black flies
Tiny gila monsters and segmented eyes
I fell asleep on your doorstep
I pushed a rock beneath
My burning heart that needs to stay
Cause everybody needs to stay
In a quiet town
Fingers fly
I put a song in my car deck

I felt a pulling on my
Burning heart that need to stay
Everybody needs to stay
In a quiet town
Fingers fly
In a quiet town
Fingers fly ya!
