

# Guitar Gangsters, That's When The Razor Cuts

The girl's in love and the world's a better place.  
The girl's in love, you can see it in her face.  
She wants just to see him. Has no time for her friends.  
She says she's happy, but what happens when it ends?

That's when the razor cuts.  
That's when the razor cuts down.  
That's when the razor cuts down deep.

The girl's in love, she stays out late at night.  
The girl's in love, and that makes it seem alright.  
She lets him do the things the other boys would never do.  
She says she wouldn't mind.

That's when the razor cuts.  
That's when the razor cuts down.  
That's when the razor cuts down deep.

She lets him do the things the other boys would never do.  
She says she wouldn't mind...  
It's only saying, it's only saying,  
It's only saying "I love you"

That's when the razor cuts.  
That's when the razor cuts down.  
That's when the razor cuts down deep.
