

Guitar Gangsters, What Did I Do (This Time)

You always wanna stay in. We always watch T.V.
You can see the rut that I'm in, Baby. You can see the man in me.
You know I'll never argue or put up a fight.
I'll do anything you wanna do. So let's stay in again tonight.

What did I do this time?
Baby, Baby, this time...
What did I do this time?
Just to make you so mad.

We could always be like this. Stay like this for years.
It's gonna end in fighting, Baby. Gonna bet it's gonna end in tears.
Friends all say I'm crazy. I'm wasting my life away.
Staying here with you, Babe, and doing anything you say.

What did I do this time?
Baby, Baby, this time...
What did I do this time?
Just to make you so mad.

You get just what you want and still you get so mad.
The only thing that I want is you to stop treating me so bad.

My friends all say I'm crazy. I'm wasting my life away.
Staying here with you, Babe, and doing anything you say.
You get just what you want and still you get so mad.
The only thing that I want... is you to stop treating me bad.

What did I do this time?
Baby, Baby, this time...
What did I do this time?
Just to make you so mad.
