

# Guitar Guitar, Temptation

There's trouble in front of me  
That's wearing a smile  
If I give myself an inch then I mine as well take a mile  
That look that you fix me with Ooh ooh  
These intermedistances ooH Ooh temptation has my  
I'm trying so hard  
to look away

It's not if I could Because I can't resisting the touch of those hands  
Why am I so cold  
So care my soul take  
one more mistake  
running all the ways that I take  
what should I do

There's trouble in front of me  
And as I lie here  
Temptation is testing me these sirens are all that I hear  
That look that you fix me with  
These intermadistances, temptation has my, I'm trying so hard  
to look away

It's not if I could Because I can't resisting the touch of those hands  
Why am I so cold  
So care my soul take  
one more mistake  
running all the ways that I take  
what should I do

Ooo Ooo. Ooo Ooo. Ooo OoOOo

It's not if I could Because I can't resisting the touch of those hands  
Why am I so cold  
So care my soul take  
one more mistake  
running all the ways that I take
