

# Gun Barrel, Take Me To The Highway

(G. Feldhausen)

I'm living on a highway  
In a world of Rock'n?Roll  
I'm living on an endless road  
In a neverending show  
And sometimes when I'm tired  
I keep saying it's too much  
But I know that I'm a liar  
Cause that's what lights my fire

(Chorus:)

Take me to the highway, can't stop playing Rock'n?Roll  
Let me go

I hear the people talking  
Hear them talking from behind  
They say that I'm a bad guy  
And I know that they are right  
I don't need no big jet  
I don't need no limousine  
All I need is Rock'n?Roll  
Satisfaction guaranteed

(Chorus:)

Take me to the highway, can't stop playing Rock'n?Roll  
Let me go  
Take me to that highway, don't stop my dirty show  
Let me go  
Into a big, bad rolling show

Another place another town  
I still can't get enough  
Walking out on another stage  
I'm made of sterner stuff  
And sometimes when I'm tired  
I keep saying it's too much  
But I know that I'm a liar  
Cause thats what lights my fire

(Chorus:)

Take me to the highway, can't stop playing Rock'n?Roll  
Let me go  
Take me to that highway, don't stop my dirty show  
Let it roll  
Take me to that highway, let me go  
Take me to that highway, let it roll
