

# Gun, Stand In Line

You make me wanna rise, you make me wonder why  
No-one can hold your hand  
We've lost our self control, we've got no way to go  
You'll never take our pride

Ohh Ohh Ohh I won't stand in line  
I said Ohh Ohh Ohh I won't stand in line

You built this world of lies, you made us sacrifice  
You tried to bring me down  
You cause this pain inside, I know you've got no right  
You tried to rule my life

CHORUS:

Ohh Ohh Ohh I won't stand in line  
(I could never look up to nobody like you no)  
I said Ohh Ohh Ohh I won't stand in line  
(And I'm doing alright so get out of my life)  
I said Ohh Ohh Ohh I won't stand in line  
Can you see, can you see  
That I'm everything you'll never be

Could you come back, come back, come back

CHORUS:

Ohh Ohh Ohh I won't stand in line  
Never thought of looking up to nobody like you  
I said Ohh Ohh Ohh I won't stand in line  
Can you see, can you see  
That I'm everything you'll never be

Sometimes I get so blind  
Sometimes I sacrifice  
Sometimes I take that chance  
It makes me wonder why  
You got to take a chance  
You cause the pain inside  
I only want what's mine  
You built this world of lies  
You made me sacrifice  
You tried to bring me down
