

Gunna, Secure the Vibe

Secure that vibe at all times
Forgot that bitch, got Alzheimer's
Got white, got blue, got black diamonds
Go cash out nigga, I'm a big timer

I done woke up and brought that bag out
Why the fuck my bitch want twenty-five hundred for a ass shot?
If you turn, turn around, got diamonds on her fingers and her hand now
I pulled straight up to the doctor, nigga I cashed out
Gotta keep my cool, stay cautious, I got fans now
You niggas trying hard to fit in, nigga watch me stand out
I had to take a sip of the lean just to wash my xan down
If I pull up with that chopper it's a man down
These bitches want vibes
New coupe, frog eyes
We ain't telling no lies
He ain't selling no pies
V12 when I ride
Yeah see twelve when I slide
Yeah got M's on my mind
