Gunna, Wit It

I see you with it, I'm with it, my nigga, just get it
Bank-roll got hundreds and fifties
I took two million, admit it, I'm truly committed
My palms consistently itchin'
Served out the kitchen, relentless, we chasin' these Benjis
Back-to-back Maybachs and Bentleys
Shows back-to-back, my coupe paid off commission

None of this shit came free
Gunna out the street, had to take chances, yeah
Quarter K in rubber bands, stuffed in my pants
I can do it Van Damme
Ain't stopping now, I feel I gotta advance
Jumpin' on planes, then come the rap stans
Course they dig what I'm saying
Another advance, smokin' me the strong strain

Audemar watch, add it to the cart
Had to get the cars washed
Heated marble squares on the floor
The car got a bar
Copped me an Aventador
Pushing this shit to the core
What the fuck are you waiting for?
My spot's even got a gym on the north
Fifty bands to my lawyer for court

Runnin' the sea, I'm a wave
New suit on, coupe came with leather and suede
Fuck with this bitch 'cause she going both ways
Too much of this shit, I'ma throw it in bags
Not fuckin' you bitches from back in the day
Your condo is lame, it dead like a grave
Gettin' at my bag, got my family amazed
Gettin' out the hood, that shit felt like a maze
Gettin' out the hood, that shit felt like a maze
Call me your dog, hold me down to the grave

I see you with it, I'm with it, my nigga, just get it
