

# Gunpowder Pinhead, High Maintenance

I stroke your ego with a lubricant  
Until it stands erect  
Instead your limp guilt trips  
You should have come with a warrantee  
Cause talk is cheap  
And I think I'd like to trade you in

When your just not high maintenance  
Cause your just not high maintenance  
Well you just not high maintenance  
and uh what

Going on my hand and feet  
Wearin' out your welcome untill it bleeds  
I'm not a victim of your selfish charades  
Your just a whore for sympathy to me
