

# GunsLikeGirls, Hand Control

Our times fall to misleading  
actions which represent  
by words unexperienced  
not even close

(chorus)  
the hands not slow  
it burns the clock  
it burns

no you'll never know  
what takes its toll on us

rest your mind  
trap numbers

(chorus)

know  
you said you'd stay regardless of  
know  
you said yourself

(chorus)
