

Gunter Gabriel, One Night Stand

In the night
In the morning
You don't need

(aa)

in the night
in the morning
you don't need

(aa)

have a desire
it feels like fire
like a endless search
in this sexual urge

I never planned for a one night stand
give it a chance it could be a romance

In the night
I feelin high, high, high
In the morning
I wonder why, why, why
You dont need
To be shy, shy, shy
Just give me a kiss
Then bye, bye, bye

In the night
I feelin high, high, high
In the morning
I wonder why, why, why
You dont need
To be shy, shy, shy
Just give me a kiss
Then bye, bye, bye

The beauty's are showing
champagne is flowing
my laughs get stronger
its a night long hunger

I never planned for a one night stand
Give it a chance it could be a romance

In the night
I feelin high, high, high
In the morning
I wonder why, why, why
You dont need
To be shy, shy , shy
Just give me a kiss
Then bye, bye, bye

In the night
I feelin high, high, high
In the morning
I wonder why, why, why
You dont need
To be shy, shy , shy
Just give me a kiss
Then bye, bye, bye

Desire
Fire
Hunger
Stronger

I never planned for a one night stand
Give it a chance it could be a romance

In the night
I feel high, high, high
In the morning
I wonder why, why, why
You don't need
To be shy, shy, shy
Just give me a kiss
Then bye, bye, bye

In the night
I feel high, high, high
In the morning
I wonder why, why, why
You don't need
To be shy, shy, shy
Just give me a kiss
Then bye, bye, bye

In the night
I feel high, high, high
In the morning
I wonder why, why, why
You don't need
To be shy, shy, shy
Just give me a kiss
Then bye, bye, bye

In the night
I feel high, high, high
In the morning
I wonder why, why, why
You don't need
To be shy, shy, shy
Just give me a kiss
Then bye, bye, bye
