Girls"".
Music""..

Girls make me
Girls make me nervous ooh

Ladies make me apprehensive
But professional advice is very expensive

So I saved all my money and today I brought a guitar
And I may not get laid but at least I can play
And soon I'll be a star

Girls make me nervous

Music makes me happy
Music da-da-da-da-da
Girls make me nervous
Girls mmmmmmmmmmm
Music makes me happy
Music it makes me so happy
