

I would never leave you.....
But how can I stay?
I can never read you....
But sometimes I feel like I need to

Bbbbbbbbrrrrrrrrrrrreeeeeeeeeee!

I never knew that loving you could be so entertaining
one minute the sun is out
next thing its raining

I would never hurt you
'cause I love you too much
I would not desert you
but sometimes I feel like I want to
I feel like I want to

I never knew that loving you would be so entertaining
you really messed me up'
but I'm not complaining

You tease me
-In the morning baby
You scare me
-In the evening baby
You shake me
-At midnight baby
Every day you drive me crazy don't you?

So how can I stay
You know I really want to
And sometimes I just want to bonk you

I never knew that loving you could be so entertaining
one minute the sun is out and then whatta you know
next thing its raining

I never knew that loving you would be so entertaining
you really messed me up'
you really messed me up
you really messed me up

I never knew that loving you could be so entertaining
one minute the sun is out and
next thing its raining

hey I never knew that loving you would be so damn entertaining
you really fucked me up'...

but I no complain
I really no complain

Bbbbbbbrrrrrrrrreeeeeeeeeee!

You tease me
In the morning baby
You scare me
In the evening baby
You shake me
At midnight baby
