

Gus And Frank, Sweet Little Thing

I need you
I need you
I've been thinkin' 'bout my life as it is
and the faith that I've placed in you
I've been thinkin' 'bout mistakes that I've made
and is this such a smart thing to do
Especially when the rain gets cold and hard- I need you
Especially when the future looks so dark- I need you
Sweet little thing
I need you sweet little thing -I need you

I've been thinking 'bout the progress we've made
and I can't say I'm satisfied
I use to think that I'd find my way home
and you can't say I haven't tried
Imagine if I lost my sense of sight - I need you
Imagine if they stole my inner light -I need you sweet little thing
I need you sweet little thing -I need you

I need you
I need you
I need you
I need you

I - I've been thinkin' about the world as it is and I feel kind of insecure
I've been thinkin' 'bout the gravel under foot and the grief that all endure
And even if the road was paved with gold - baby I need you
and even if the sky was clear and blue -I need you sweet little thing
I need you oh sweet little thing
I need you sweet little thing
I need you, oh sweet little thing
I need you
