

# Gus Gus (GusGus), Gun

You've got to find yourself a place to stay, anyway.

'Cause I ain't stayin' here, around anymore, no way.

Now you'd better leave, 'cause I'm gonna find,  
myself another, find another one.

Take that gun, blow your mind.

Take that gun, go ahead and make my day.

You've gotta find yourself another piece of wax (anyway).

'Cause our thing is over now, it melted down (just the other day).

Take that gun, blow your mind.

Take that gun, go ahead and make my day.

Take that gun, blow your mind.

Take that gun, go ahead and make my day.

Take that gun, blow your mind...
