

Guster, Great Escape

Please come tempt me youve got something good in mind
Dropped everything glad to be persuade this time
Into the car baby bleed the gas
Fast is fast never turning back
Oh yeah not scared of that
The past has passed and we cannot take it back
They want to know if we could get away
Yeah we backed it up and made our great escape
When the dust will settle and they discover
The furthest exodus getting somewhere
While the messengers get the message in
Try to capture us weve done nothing wrong
Please come tempt me steal me from this priss-teen life
Oh so gently everyone feels pain this time
Into the car baby bleed the gas
Fast is fast never turning back
Oh yeah not scared of that

Yeah we backed it up and made our great escape
When the dust will settle and they discover
The furthest exodus getting somewhere
While the messengers get the message in
Try to capture us weve done nothing wrong
