

# Guster, Satellite

Shining like a work of art  
Hanging on a wall of stars  
Are you what I think you are?

You're my satellite  
You're riding with me tonight  
Passenger side, lighting the sky  
Always the first star that I find  
You're my satellite

Elevator to the moon  
Whistling our favorite tune  
Trying to get a closer view

You're my satellite  
You're riding with me tonight  
Passenger side, lighting the sky  
Always the first star that I find  
You're my satellite

Maybe you will always be  
Just a little out of reach

You're my satellite  
You're riding with me tonight  
Passenger side, lighting the sky  
Always the first star that I find  
You're my satellite  
You're my satellite
