

Guster, So Long

Yes I heard all that you had to say
That's when it all fell apart
Might be hated, but I can't pretend
I liked you better before
So long, so long, front foot leads the back one
Go on and it won't be too soon
I'm gone, I'm gone and on to the next one
So long, and I won't be back soon
Yes I'm blue, but from holding my breath
Like I have from the start
I'm the villain and I should confess
I liked you better before
So long, so long and on to the next one
Go on and it won't be too soon
I'm gone, I'm gone, bet you saw this one comin?
So long and I won't be back soon
It's hateful to say, see it this way
Don't even know who you are
But in my defense I'd do it again
I don't need to know who you are
So long, so long and on to the next one
Go on and it won't be too soon
You're gone, you're gone, are you waiting for somethin?
Go on cause I won't be back soon
It's hateful to say, see it this way
Don't even know who you are
But in my defense I'd do it again
I don't need to know who you are
So long, so long, front foot leads the back one
Go on and it won't be too soon
You're lost and gone and on to the next one
Don't need to know who you are
Don't need to know who you are
