

Guster, The Prize

My, my how things have changed since I have been away
Its the first time but its different, Im afraid
Wheres the boy so happy to be near it all?
Hes lost in the travels
A little part of me so small
Cry for me
Cry for him
Cry for the answer
Cry because its done
Cry for the feeling
Cry for the youth
All for the prize
Through different eyes
The promise that you have made forgets
See it as you may
Deny it while you can
Search for the reasons
As you beg to understand
Cry for me
Cry for him
Cry for the answer
Cry because its done
Cry for the feeling
Cry for the youth
All for the prize
Come and go
Dont get pulled into the light
Come and go
Wouldnt believe it if you tried
Come and go
Its as useless as it was
You can go
The end we know
I wont tell you anything
So far away you are to me
Cry for me
Cry for him
Cry for the answer
Cry because its done
Cry for the feeling
Cry for the youth
All for the prize [2x]
My, my I swear its been a lifetime since i have been away
Its the last time but somehow its all the same
Wheres the boy?
