She's a bad girl from Tokyo She's a bad girl she just can't stop
I think I'm in love with her Teri Yakimoto she can barely speak my language
she's
a genius with a mohawk if only we could talk one day I asked her if she knew
Bruce Lee I think she thought he was in the offspring Teri Yakimoto I asked
her out
for a beef bowl she brought her ball shoes and glove while bowling we fell
in love
Teri Yakimoto she's a Japanese punk rocker with a tattoo of godzilla and a
tribal
zig-zag man One day I asked her for a slice of pie I think she thought I
asked her for a some stir fry Teri Yakimoto in the back seat of my toyota
with the hatch up she hops on top Teri never lets it stop Teri Yakimoto I
said lets go out for sushi she
says no lets get big mac then she walked on my back
