

Guttermouth, Teri Yakimoto

she's a bad girl from tokyo
she's a bad girl she just can't stop
i think i'm in love with her
teri yakimoto she barely speak my language
she's a genius with a mohawk
if only we could talk

one day i asked her if she knew bruce lee
i think she thought he was in the offspring
teri yakimoto i asked her out for a beef bowl
she bought her ball shoes and glove while bowling we fell in love

teri yakimoto she's a japanese punk rocker
with a tattoo of godzilla and a tribal zig-zag man

one day i asked for a slice of pie
i think she thought i asked her for some stir fry
teri yakimoto in the back seat of my toyota
with the hatch up she hops on top
teri never lets it stop

teri yakimoto i sais lets go out for sushi
she says no lets get big mac then she walk on my back
